

Office for Product
Safety & Standards

**Candidate for the OIML Certification System MC
Chairperson**

Mr Mannie Panesar OBE MIET

October 2020

My Background

1. Over 15 years of metrology experience, working at all levels
 - a. Started my Metrology career in 2003 working at the National Physical Laboratory, UK. Joined NMO in 2013.
 - b. Head of the UK NMO notified body and OIML issuing authority
 - c. UK representative for WELMEC committee and NoBoMet
 - d. UK representative for NMO the Designated Institute (DI) for UK - Euramet.
 - e. Vice chair of the British Measurement and Testing Association

OIML-CS MC now and the future - 1

- The new system has been launched very successfully and the previous presentations have provided the information that details the growth of the system since its launch, but what next??

OIML-CS MC now and the future - 2

- Aims and Vision
- Improving the understanding of the needs from our current participants and stakeholders
- Increased understanding, participation and acceptance
- Future proofing
- Chairpersons council

OIML-CS MC now and the future - 3

OIML-CS MC now and the future - 4

- Future proofing the CS
- Increasing the scope – Widening the categories
- Improving the resilience of the CS
- Expanding the CS to become more than type examination

Finish

- Thank you for your time
- I hope to have your support to push the new system forward as chair of the Management Committee

Office for Product
Safety & Standards

Good Bye - Stay Safe and well
